

## Status Update - July 2016

At the end June 2016, a total of 2,135 residential properties have been delivered for social housing providers comprising of 1,588 completed properties with a further 547 that have been contracted where completion work is on-going. The following diagram summarises the overall progress.

To date demand has been confirmed by the local authorities for 2,644 of the properties that NAMA has identified as potentially available. Another 73 properties are currently being evaluated bringing the total that may be deemed suitable to 2,717 potentially. Local authorities have confirmed that 2,402 of the properties are considered unsuitable by reference to sustainable planning and housing policy or are located in areas with no demand. A further 1,646 properties have been sold or privately let by the owners or receivers.

Of 1,588 properties completed to date, 183 apartments were delivered across two projects in Sandyford and Dublin 13 which provides a good illustration of sustainable housing policy in practice; a policy which aims to provide a balanced sustainable mix between social and private housing within a community. The properties were purchased or leased by Clúid Housing Association with assistance from the Department through the social housing current expenditure programme for 109 properties with the remaining 74 rented on the private market, thus ensuring sustainable mixed-tenure developments.
