

## Status Update – April 2018

At the end of March 2018, a total of 6,984 residential properties have been identified by NAMA as potentially available for social housing. Demand has been confirmed by the local authorities for 2,717 of the properties that NAMA has identified.

Local authorities have confirmed that 2,424 of the properties are considered unsuitable by reference to sustainable planning and housing policy or are located in areas with no demand. A further 1,843 properties have been sold or privately let by the owners or receivers.

To date, a total of 2,474 residential properties have been delivered for social housing providers comprising of 2,369 completed properties with a further 105 that have been contracted where completion work is on-going. The following diagram summarises the overall progress.

Of the 2,369 properties completed to date, 128 houses and 277 apartments were delivered across seven separate developments with mix of social and private rented homes. The properties were purchased or leased by three AHBs with assistance from the Department through the social housing current expenditure programme for 308 properties with the remaining 97 rented on the private market, thus ensuring sustainable mixed-tenure developments. These projects in Carlow, Cork, Dublin, Galway and Laois provide a good illustration of sustainable housing policy in practice; a policy which aims to provide a balanced sustainable mix between social and private housing within a community.

**Breakdown of Properties Complete/Contracted by Local Authority Area  
at end of March 2018**

<b>Local Authority</b>	<b>Total</b>	<b>Apartments</b>	<b>Houses</b>
