Status Update - October 2018

At the end of September 2018, a total of 6,984 residential properties have been identified by NAMA as potentially available for social housing. Demand has been confirmed by the local authorities for 2,718 of the properties that NAMA has identified.

Local authorities have confirmed that 2,424 of the properties are considered unsuitable by reference to sustainable planning and housing policy or are located in areas with no demand. A further 1,842 properties have been sold or privately let by the owners or receivers.

To date, a total of 2,475 residential properties have been delivered for social housing providers comprising of 2,420 completed properties with a further 55 that have been contracted where completion work is on-going. The following diagram summarises the overall progress.

Of the 2,420 properties completed to date, 129 houses and 293 apartments were delivered across seven separate developments with mix of social and private rented homes. The properties were purchased or leased by three AHBs with assistance from the Department through the social housing current expenditure programme for 315 properties with the remaining 107 rented on the private market, thus ensuring sustainable mixed-tenure developments. These projects in Carlow, Cork, Dublin, Galway and Laois provide a good illustration of sustainable housing policy in practice; a policy which aims to provide a balanced sustainable mix between social and private housing within a community.

Breakdown of Properties Complete/Contracted by Local Authority Area at end of September 2018

Local Authority	Total	Apartments	Houses
Carlow Co. Co.	103	8	95
